

**Engineered Products Inc.**

## **Finished Product Quality Inspector**

---

SLEEGERS Engineered Products Inc. ([sleegers.ca](http://sleegers.ca)) is a London-based supplier of engineered solutions for the propane industry. SLEEGERS has over 50 years of experience providing our tier one customers with outstanding service and exceptional quality. Our teams design and build a variety of engineered products including propane motor fuel tanks, industrial pressure vessels, and propane vending kiosks as well as offer specialized engineering services to the propane industry. With a sustainable market in the energy sector and best-of-class facility – we are here to stay.

We are recruiting a highly motivated, practical, and detail-oriented Finished Product Quality Inspector to grow with us at SLEEGERS. In this new role, the successful candidate will work with our quality team to ensure each product meets our exacting quality standards before it ships.

### **We are looking for an analytical and technically competent team member who:**

- Has post-secondary education or equivalent work experience related to engineering or manufacturing
- Has a base understanding of quality systems and an ability to read technical drawings
- Is very detail oriented and is able to prioritize and manage multiple tasks
- Is in good physical condition and is able to climb, kneel, and walk on a frequent basis
- Has a strong work ethic, a willingness to learn, and a desire to work on the production floor

### **Your core responsibilities would be:**

- Diligently and efficiently execute the mandate of SLEEGERS' Quality Control Program
- Work collaboratively with minimal oversight and make critical decisions quickly
- Perform random powder coating process inspections
- Complete finished powder coated tank inspections (DFT readings, uniformity, thread verification, fitting and fastener installation checks, etc.)
- Shipping units for air compressors and propane tanks
- Complete all required certifying documents accurately and efficiently
- Remain current with best practices, regulatory changes, and industry standards

### **Our compensation and benefit offering to you:**

- Competitive compensation package and endless opportunities for growth and advancement
- Comprehensive dental and health benefit plans
- Retirement plan with employee-employer matched contributions
- Extensive training and development programs

Salary for this position is commensurate with experience.

If you are passionate about quality engineering and believe you belong with an organization that values integrity and employee advancement, please forward your resume to [recruiting@sleegers.ca](mailto:recruiting@sleegers.ca).

SLEEGERS is committed to providing a barrier-free environment and promoting independence, dignity, integration, and equality of opportunity of persons with disabilities.
